## DEMOS ANSWER CALLS OF PARTY TO REORGANIZE

Record Attendance At All City Ward Meetings As Campaign Opens.

COUNTY REPORT SLOW

Lively Political Speaking And Plan Formation Marks Ada Meets.

It was a heyday for the Democratic party in Pontotoc county yesterday when, beginning at 2 o'clock in the afternoon and continuing until meetings were adjourned in the various city wards last night, party enthusiasts flocked to their standard in record numbers.

Especially good attendance at precinct meetings was reported in Ada, the crowd in each ward exceeding that of a year ago. Many of the rural precincts reported an unusual turnout of voters yesterday afternoon but the list of new precinct officials in outlying districts was incompletely reported today.

Renewed vigor in the fight to re-instate the Democratic party in the control of city, county, state and national leadership. Party finance came in for discussion at some of the meetings and in ward four, it was definitely announced, a collection was taken as a starter on what is intended to be a more extensive financial campaign will extend later into other precincts.

New precinct officials and committee members elected yesterday will serve for two years.

Biggest attendance at city precinct meetings was reported by ward one, meeting at the City Hall. Almost 100 voters were out to enter into lively discussions about party betterment. Ward four, meeting at the Court House, reports about 60 present and the other two wards had more than 25 each.

City precinct officials elected are: First Ward, Chairman, Dr. Sam McKee; vice-chairman, Mrs. C. A. Galbraith; secretary-treasurer, Mrs. Gladys Maddox; committeemen, R. E. Haynes, Mrs. J. W. Westbrook, Mrs. Orville Sneed, W. C. Duncan.

Second Ward, Chairman, D. C. Abney; vice-chairman, Mrs. J. M. Vaden; secretary-treasurer, Lawrence H. Green; committeemen, G. Montgomery, S. W. Hill, Mrs. Lura Skinner, Miss Nell Hodge.

Third Ward, Chairman, John D. Willoughby; vice-chairman, Mrs. E. N. Jones; secretary-treasurer, Mrs. C. O. Barton; committeemen, E. N. Jones, J. M. Thompson, Mrs. John D. Willoughby, Mrs. Henry Collins.

Fourth Ward, Chairman, Joe Sloan; vice-chairman, Mrs. Tom D. McKeown; secretary, Claude McMillan; committeemen, Mrs. Paul Allen, Mrs. R. H. Couch, Harmon Ebbey, Allen Standfield.

Capitol Hill Precinct, Chairman, E. H. Lucas; vice-chairman, Mrs. Daniel Hays; secretary-treasurer, Millard Ford; committeemen, W. S. Aldrich, G. C. Davis, S. M. Ford, J. G. Mitchell.

Allen Precinct, Chairman, Ford Harrison; vice-chairman, Cass; secretary-treasurer, C. M. Means; committeemen, C. R. Weldon, Jess Bond, Mrs. George Adams, Miss Naoma Bryant. The county convention, it is provided in the state constitution of the party, will be held within 15 days of the precinct meetings.

## NO SMALLPOX IN CITY, ROSS SAYS IN LATE REPORT

Reports from nearby towns to the effect that smallpox is raging or is evident has caused some concern among citizens of this city. Dr. S. P. Ross, city health officer, stated today, however, that so far as he is able to learn, the city is entirely free of smallpox cases and that all suspicious cases had been investigated.

"The city is entirely free from the disease, so far as I am able to find," he said. "It is through the co-operation of the citizens and the efforts of all parties in keeping the city clean that this has been made possible, while other places are feeling the effects of the disease."

Dr. Ross added that if the citizens would continue to co-operate with his office in keeping the city clean and taking all precaution to guard against an epidemic, he believed Ada would go free this year from smallpox. Other contagious diseases are on the decrease here, reports from various doctors show.

## "POKER FACES" TO BE SUBJECT OF INQUIRY

NEW YORK, N. Y., Jan. 14.—Science has taken a hand in poker.

The complex that causes people to sit up all night with cards and chips is under examination at Columbia University where the department of psychology recently called for volunteers to sit in on a little game that was observed and studied by the instructors.

The professors said the volunteer poker faces, reactions of the fellow who drew to a pair and filled and other psychological information about the pastime will be included in an early publication on practical psychology.

## FATTY'S JURY TO BE DRAFTED SOON

Seven Tentative Members Sitting When Court Adjourns Friday.

SAN FRANCISCO, Jan. 14.—Empanelment of a jury to try Roscoe Arbuckle for the second time on a charge of manslaughter arising from the death of Miss Virginia Rappe last September, was to be continued in superior court when it convened today. When court adjourned yesterday seven tentative jurors were in the jury box and eight prospective jurors were being examined from a special venire of 35 summoned from another department of the court.

The state had four peremptory challenges left when court convened Friday and the defense had all of thirteen unused. The jury box was filled with tentative jurors just before court adjourned last night, one of the twelve having yet to run the gauntlet of questioning for cause.

There was every indication that the defense planned to question Mrs. Mary Nagel, now in the jury box, further today. Just before adjournment, Gavin McNab asked her if she had made a statement after the first trial that she would like to get on the jury for the next trial to do the same as Mrs. Hubbard—hang the jury. She denied having made the statement, but it is understood the defense plans to pursue its inquiry further.

Eighteen men and four women were in the jury box today. But twelve names remain in the box of the present panel.

## Post Membership Is Now Over 110 Mark Commander States

Membership in Norman Howard post in the American Legion has passed the 110 mark for the first time in history and promises to reach even greater proportions under the stimulus of a drive being conducted this week, a report issued this afternoon by Gilbert Polly, post commander, and W. M. Emanuel, membership chairman, said.

An effort is being made to reach every former service man in the county. A big program of activities including something special for every month has been drafted by Rev. Richard Hatch, chairman of the activity committee, and was read in tentative form at a meeting of ex-service men here Tuesday night.

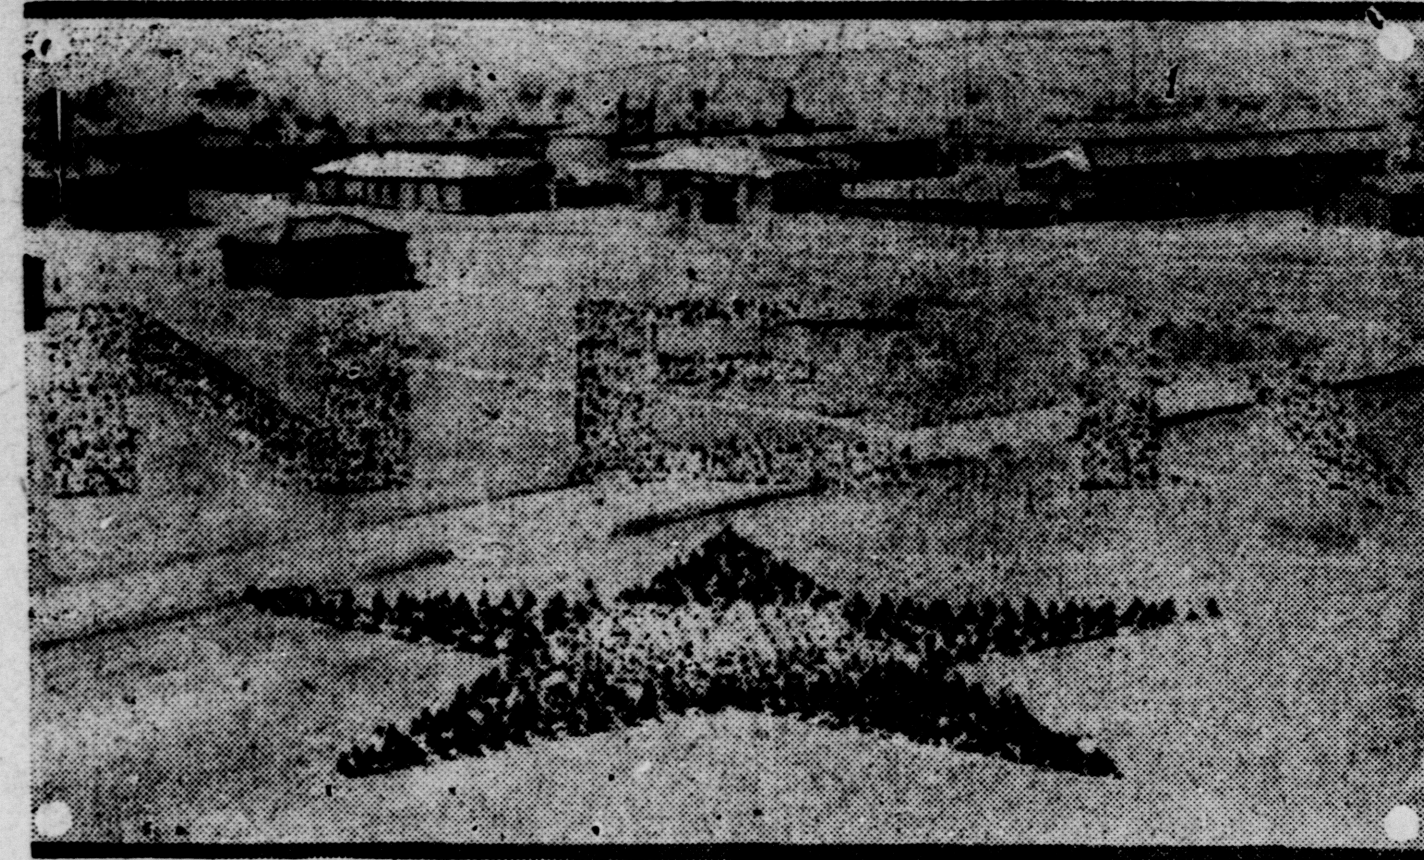

Commander Polly announced this afternoon at a called meeting of the local Legion for the American Legion hall next Tuesday night at 7:30. All members have been urged to attend.

## Lewis Is Upheld In Action of Removing Howat As President

(By the Associated Press) KANSAS CITY, Jan. 14.—John L. Lewis, president of the international union of the United Mine Workers of America, was upheld in his action in removing Alexander Howat of Kansas as president of district 14 of the mine workers, when Judge Samuel A. Dew, of the Jack. son county circuit court today refused to make permanent terms of a temporary order granted Howat and his associates early in December. The order would have barred Lewis from intervening in any way in district 14.

## ARMENIAN REFUGEE CHILDREN, AIDED BY NEAR EAST RELIEF, FORM LIVING EMBLEM OF SOCIETY BEFORE ORPHANAGE

The children grouped in the three letters, N. E. R., and a giant star before the orphanage at Alexandropol, Armenia.

This photo, which has just reached the United States, shows the orphanage at Alexandropol where a part of the thousands of Armenian children who are being cared for by the Near East Relief society live. The mass of children in the living letters and emblem and the spacious buildings give some idea of the extent of the work carried on by the society.

## TEACHERS START LEAGUE BATTLES

East Central Cagers To Go Against Conference Team Here Tonight.

East Centralites will tonight demonstrate for the first time their ability to play basketball against a college of equal standing.

The game will be played in the college gym between the Teachers College and the Shawnee Baptist University. Coach Thompson's men are in good shape for the game, following their victory Thursday night over Oklahoma City College. The Baptist University men have already defeated the local college squad in an earlier game of the season, but it was on the Shawnee court and just after the local men had played two nights at Edmond, being defeated by that strong team in a "roughing up" game. This time the tide is reversed and the Baptists will be on Ada's court, following two hard games with the Durant Teachers, Thursday and Friday nights of this week.

Have Played 12 Games Thompson's first string have played a total of 12 games. They have won eight and lost four games, all of which were conference tilts. Coach Frost of Holdenville high school will be here tonight to referee the games, and all preparations for the first conference battle on the home court have been made.

Paul Waner, newly elected captain, known for his baseball and basketball ability, will lead East Central men. Waner is popular with the players and his speed has been a desirable element on the showing of the teachers squad.

Waner, Newton, Little, Evans, and Chism, with Crawford, Hanson and Snow on the line will be the line-up for tonight. Recent games have shown that in these men rests the fate of the basketball season for East Central. The game tonight will be called at 7:45.

## Ada Glass Factory Has Good Prospect For Coming Year

C. V. Gowing, manager of the American Glass Casket Co., in conversation with a News reporter, stated that the outlook for a larger business this year is excellent. The company has always had a good share of the business in the various lines of articles manufactured and it has been the policy of the management to constantly add to these. While not running full time, the factory has been operating in various departments for several months past and Mr. Gowing expects business to pick up to a point where a much larger force will find employment.

The work of several years in developing the casket to commercial proportions is bearing fruit. Problem after problem has been solved and there is no reason to doubt the ultimate success of this branch of the industry. The Ada plant being the first put in operation, most of the experimental and development work has been done here. At the recent annual meeting of stockholders and directors the same board and officers were elected as served during the preceding year.

## Seasickness Only Worry of Happy Men Fresh from Duty on the Rhine.

(By the Associated Press)

NEW YORK, Jan. 14.—A thousand doughboys returning from Germany on the transport Crook learned today for the first time their ship had sprung a leak last Tuesday and had been in danger during the great gales that swept the North Atlantic.

"Not a crap game stopped," was the smiling comment of Captain Frank Reppa, as the Crook was being lashed to her pier at the transport base in Brooklyn.

The Transport, St. Mehl, which had been dispatched to her assistance, accompanied her up the bay. The doughboys scanned the newspapers giving accounts of the plight of the Crook and remarked that seasickness caused them more concern than anything else.

Crew Stops Leaks. Captain Reppa said that most of the crew of 140 were sent below to stop up leaks in opened seams. Some water leaked in and it was necessary to remove baggage. Care was taken to see that the water did not reach the coffins of 625 American soldiers' bodies returned from the French cemeteries.

In addition to the 968 enlisted men and casuals, the Crook brought 14 German brides and eight babies. Most of the enlisted men had been engaged in policing the Rhine. Many of them had seen hard fights in the war.

Distressed Ship Arrives. NEW YORK, Jan. 14.—The United States Transport Crook, which was in serious difficulty at sea on Wednesday when she sent out a wireless call for aid, arrived in New York harbor today. She was accompanied by the transport St. Mehl.

## TREATY RATIFIED BY IRISH SOLONS

DeValera and Followers Absent From Dail As Pact Goes Through.

DUBLIN, Jan. 14.—Anglo-Irish treaty creating the Irish Free State was unanimously ratified today by the South Ireland parliament.

Eamonn de Valera and his supporters who opposed the treaty in the Dail Eireann, were absent.

A provisional government was constituted. The meeting was held in the Oak Room of the Mansion House, the entire list of 128 members, including the four unionists elected for Trinity College, had been summoned, but only those who favored the treaty attended.

The agenda contained a call for ratification of the treaty and furnished a resolution appointing eight ministers to compose a provisional government. The list, which was duly ratified by the meeting, is identical with the list of ministers of the Dail Eireann.

## FEW CHANGES IN BANKING STAFFS

Local Finance To Go Ahead Under Veteran Managers; New Year Important.

Reports from three local banks show that with two exceptions officials of the institutions for the coming year will be the same as in 1921. E. J. McKinney was elected one of the directors of the First National Bank in place of the late M. D. Timberlake. H. L. Norman of Maxwell was added to the board of directors of the Security State Bank.

The entire official staff of the Oklahoma State Bank that served last year were re-elected, and the Merchants and Planters Bank has not yet elected officers. This shows that for the coming year, described by local financiers to be an important one in view of the recovery of the financial world, Ada's banking business will be left in capable hands of the men who have for years served as such.

Officers re-elected have proved their ability to meet the most difficult situations here. They have studied the local financial standing until the proper steps can be taken by them without hesitation looking to the betterment of times. Officers as reported to date are:

First National Bank, P. A. Norris, president; N. B. Haney and J. A. Smith, vice-presidents; C. L. Griffith, cashier; F. J. Phillips, chairman board of directors.

Oklahoma State Bank, C. H. Rives, president; H. P. Reich, vice-president; L. A. Ellison, cashier.

Security State Bank, H. W. Wells, president; W. M. Pegg, vice-president; Leslie Prince, cashier; E. A. Poe, assistant cashier.

## Schienberg Is Made District Chairman For Jewish Relief

Sam Schienberg has been appointed chairman of the tenth district of Oklahoma, comprising Hughes and Pontotoc counties, for the Jewish Relief drive, it was learned in Ada today. He has it under advisement whether or not a big campaign shall be waged. It is thought probable that no intensive effort will be made in this section to secure subscribers but rather allow donations to come in as they may.

The state's quota for Jewish Relief is \$125,000. The governor is expected to issue a proclamation about January 16 in favor of the movement.

## Taxi Driver Is Dead and Two Are Seized on Murder Charges

PONCA CITY, Jan. 14.—Jack Hook, De Noya taxi driver who was found in a field near Ponaker Sunday after he is said to have been assaulted and robbed of his car, died late last night at Foreaker. Murder charges will be filed today against Jack Sutherland and Alfred Dreyton, who were arrested at Tulsa late Sunday night and, according to the police, confessed to the assault upon Hook, at Kay City, a dispatch to a local newspaper said today.

## SIAMESE TWINS REQUEST OPERATION TO SEPARATE

CHICAGO, Jan. 14.—Josefia and Rosa Blazek, "Siamese Twins" from Czechoslovakia, will know by tonight whether or not a Chicago physician can effect a surgical operation upon them with probable success.

The sisters, who are 34 years old, asked that they be examined with a view to having an operation performed, because they fear should one of them die, it would mean death for the other as well. The examination will be by X-Ray.

## CONSTITUTION OF C. OF C. ADOPTED

Nomination Blanks Sent Out for Election of Directors.

Nomination blanks to start the election of a board of directors for the Ada Chamber of Commerce, accompanied by a list of the entire membership, went out this morning to all members of the Chamber following the adoption last night of the C. of C. constitution and by-laws as drawn up the committee of five.

These blanks must be returned before January 19 when the returns will be tabulated and 28 names, not prominently mentioned, selected as candidates to be passed upon by the membership as a whole. Fourteen directors will be elected and the seven of these receiving the heaviest vote will serve for two years. Others will be elected for one year. The final election will be January 25.

Within 10 days after the election of board members, the directors will meet and elect officers for the ensuing year. Hereafter the annual nomination primary for members of the board of directors will be on the last Monday in November and the election proper will be on the second Monday in December.

Under terms of the newly adopted constitution, no director may succeed himself and a manager, or secretary, is appointed by the board. The fiscal year of the C. of C. ends December 15.

Important work immediately ahead of the local Chamber in its reorganization includes a meeting next Wednesday night at 7:30 of six group leaders, announced yesterday, and a meeting Friday night at 7:30 of the entire membership, under the leadership of the group chiefs. These meetings will be for the purpose of adopting a program of work for the year.

## In The Oil Fields

Estimated production of the fields of the Mid-Continent at the close of the past week was as follows: North Louisiana, 88,700 barrels; Arkansas, 43,000 barrels; North Texas, 134,753 barrels; Mexico, 142,000 barrels; Kansas, 85,000 barrels; Oklahoma, outside of Cushing, Shamrock, Burbank, Hewitt and Haldton, 208,000 barrels; Cushing and Shamrock, 25,000 barrels; Haldton, 22,000 barrels; Hewitt, 34,500 barrels; Burbank, 35,250 barrels; total, 818,203 barrels, a loss of 11,247 barrels in comparison with the preceding week.

The estimated daily production of heavy gravity oil in the Gulf Coast field was 101,370 barrels.—Oil & Gas Journal.

## Girls Glee Club To Sing at Vanoss and Center Scout Meets

Fifty girls, members of the Girls Glee club of Ada high school, besides the Boys Glee club, accompanied by local Boy Scout officials, will leave tomorrow afternoon for Vanoss and Center where they will render a program. Rev. H. M. Woods pastor of the Christian church here, will preach at both places.

A school truck from Vanoss will meet the girls here and local cars will furnish transportation for the boys and for scout officials. Harry Miller, scout executive, announced. The awarding of scout badges to members of the Vanoss troop will be a feature of the meeting there.

All persons who are going on the trip have been asked to meet at the high school building tomorrow afternoon promptly at 1 o'clock.

## HAYS TO RETIRE AS POSTAL HEAD HARDING LEARNS

Postmaster General Will Accept Movie Position Upon Condition.

PRESIDENT ASSENTS

Contract With Producers Yet Pending But Is Thought Sure.

WASHINGTON, Jan. 14.—Announcement that Postmaster General Hays will shortly retire from the cabinet was made at the White House today.

After a 40-minute consultation with the postmaster-general, President Harding said he could not well interpose any objection to Mr. Hays' retirement, to become head of a national association of motion picture producers and distributors.

The president personally gave the following statement: "The postmaster general and I have been discussing at length the proposition which has been made to him to become the head of a national association of motion picture producers and distributors. If the arrangement proves to be, when the details are worked out, what it seems to be, I cannot well interpose any objection to Mr. Hays' retirement from the cabinet to take up a work so important."

For Public Service "It is too great an opportunity for helping public service for him to refuse. I shall be more than sorry to have him retire from the cabinet were he has already made so fine a record, but we have agreed to look upon the situation from a broader viewpoint and the seeking of higher public good."

Mr. Hays made this statement: "With the president's consent, I have decided to undertake the work suggested by the motion picture producers and distributors. No contract has been executed as yet. I am assuming, of course, that a satisfactory contract will be possible and one which will make certain the carrying out the highest purpose considered by this great industry."

WASHINGTON, Jan. 14.—Postmaster General Hays conferred with President Harding today with respect to the offer made to him by a motion picture producers company to become head of the organization. Reports have been persistent in Washington for several weeks that Mr. Hays would accept the offer and retire from the cabinet, but the postmaster general said today he did not think he would be able, even after his conference with Mr. Harding, to announce a "conclusive decision."

## Notice Lions

Attention is called to the luncheon Tuesday evening at the Harris Hotel. It is necessary to know how many will be there. Be certain, therefore, get your ticket at the office of Ebbey Sugg & Co. on North Broadway not later than Monday noon, if possible. Every member is urged to attend and bring his wife or lady friend. Please do not overlook this.

ROY GIVENS, Secretary.

## BOLEN TO PROBE EVERY CONTRACT OF PAST 2 YEARS

District Judge J. W. Bolen announced this afternoon that he was holding a court of inquiry on all contracts let by the county and city for the last two years for the purpose of "ascertaining whether or not there has been anything illegally done and whether or not the people have received their money's worth on these contracts, especially the laying of sewer pipes."

"I have already obtained sufficient evidence to render it advisable to withhold the payment of sewer tax until later developments from this court of inquiry," Judge Bolen said. "It occurs from the investigation up to date that the sewer tax is something like about three times what it should be," he added.

### BIBLE THOUGHT FOR TODAY

RICHES HAVE WINGS:—Labour not to be rich: cease from thine own wisdom. For riches certainly make themselves wings; they fly away.—Proverbs 23.1.

### REINDEER RIDES FOR TOURISTS.

It is announced that reindeer will be used this winter to enable tourists to visit an enjoy Rainier National Park during the season when the park is ordinarily closed to the public. The reindeer—there are to be eight of them—are already enroute from Bering Sea government farms.

The use of reindeer sledges in part of a winter program which national park officials are planning for tourists for the first time in park history. The reindeer trip will follow a particularly attractive route, covering about 22 miles and reaching an altitude of 8,700 feet.

There will also be tobogganing, ski-jumping and other seasonal sports to make winter vacations attractive to hardy tourists.

It is a fine thing thus to open up the snow-bound parks to travelers. Even those who do not care to linger long in such northern playgrounds will derive a good deal of satisfaction from a visit to the winter beauties and grandeur of the park. There is a irresistible fascination about the warmer climates, with their soft winds and lovely skies. But most persons in the temperate zone, whether they admit it or not, have a liking for such glories as are to be found in our winter-Northwest and Northeast.

The News heartily approves of the spelling matches being held among the various city schools. Of recent years with an ever widening curriculum spelling has been somewhat neglected. No matter how many diplomas a person may hold, a letter filled with misspelled words does not carry much weight when it comes to placing an estimate on the educational qualifications of the writer, and everyone must write letters sometimes. We once heard the president of a college tell of receiving a letter from an applicant for a position on the faculty in which said applicant said he was a "life long Baptie." The president decided that any man who had been a member of a church most of his life without learning how to spell its name was not worth considering as he was likely equally careless about other matters. Keep the good work going, for spelling is one of the foundation stones of education.

The Republicans have controlled both houses of congress for three years but thus far have been unable to frame a tariff bill that could pass. Tinkering with the tariff is very much like monkeying with dynamite and has usually proved just about as disastrous to whichever party passed a new schedule of duties. This country has too many conflicting interests to be taken care of and it is impossible to levy a duty on one line without causing a row among the ranks of others who are hit by it. The result is that when next election rolls around the party in power is assailed from all sides and generally gets kicked out. The Republicans have made many promises in order to get back into power and now it is a difficult job to cut the pie into enough places to go around.

It has always been our contention that the office of Lieutenant Governor should go to a member of the newspaper fraternity. The party leaders and candidates except the newspapers to do their dead level best for the ticket and they usually do. In recognition of this service the press is certainly entitled to some recognition. The ranks of the Democratic editors of the state contain a whole string of good men who would fill this office with credit. Personally our first choice is Luther Harrison of Holdenville. After that we are for some other honorable member of the craft, but have no particular choice this time.

No one ever knows what sort of a trick the linotype will play, especially if it is something very particular. Just now an editor of Tulsa county is hiding in the brush while a storm blows over. Said scribe tried to throw a bouquet at a certain society lady who had just been given a signal honor. He wrote "being considered the fittest member, Mrs. X was elected president." The machine made it read the "fast-est."

Putting the Mexia district under martial law is causing the toughs to hunt greener pastures, according to press reports. The undesirables simply cannot stand up against the real thing. Mexia promised a rich harvest for this element, but now they have had their day. However, it is rather had on communities that must be infested with these criminals when driven from their present refuge.

A man in Texas who placed a small ad in the Evening News a few days ago, writes that he received eleven replies in one day. And some times one hears that no one reads the ads in a newspaper.

### The Empty Life.

(Hugo Daily News)  
"All kinds of women, and men, too, come to my desk for help," said the director of the Home Economics bureau of a big city bank. "The women with many children and small income who can't make ends meet; the women with comfortable incomes who want to know how to save money now to put the children through college 10 years from now; the butterfly women who know nothing about money before marriage, except the careless spending of it, and who are up against it with an allowance that doesn't cover all the house bills—and does not the woman whose husband does out small sums, and thinks she is extravagant when she buys anything but food."

"All these can be helped. Some must be shown how to begin with the envelope system. Women with business training can be put on the monthly budget book at once. But out of the procession, yesterday there came a tragic figure. "The husband makes about ten thousand a year. They have a small apartment, in which the work is done by the energetic wife by 9 a. m. And she has nothing to do with her day, seven or eight hours of it—but to lunch at a downtown hotel and drive as fast as she can out in the country. She has no social sense, no sense of beauty. She does not read. She does not do charity work. She lives for food and speed."

"I can show that woman how to keep accounts—how to get material value for her money. But I cannot put any more into her life, because she seems to have nothing to receive value with."

"Perhaps her coming here at all means that something is stirring within her that will develop later."

but at present she seems to have a perfectly empty life."

There is the perfect example of the grown-up who has evolved from the child who was not taught to amuse itself. A love of good books, a little skill at some art or craft, which could now grow into something, an interest in public service—any of these would now make a powerful constructive force out of the woman who is restless, discontented and unskilled.

### Bonus and Debt Refunding.

(New York Times)  
In July the Senate, reluctantly complying with Mr. Harding's wish, recommitted the Bonus bill by a vote of 47 to 29. Secretary Mellon's warning two weeks before that the bill would increase taxes and the cost of living and obstruct refunding had merely made the faithful angry. On the day of recommitment Senator McCumber said that he expected the Finance Committee to report the bill again after the tariff and tax bills were disposed of and the allied debts had been refunded. Now the program is to make the payments contemplated by the Bonus bill dependent on debt refunding. This connection of the two measures is not only regrettable but indefensible. The disposal of the allied debt question is not to be considered on its merits. It is not to be an economical or financial, but a political, question. It is tied to a grab-voting bill, one of the most dangerous and foolish of contemporary republican experiments in breaking faith with the country and practicing economy by wasting money.

The refunding of the allied debt should be pondered calmly with a large and long view of probabilities and contingencies and, at the least, with no ungenerous or unwise desire to squeeze from our associates in the war money spent here for our benefit, as what was purchased was used abroad for the benefit of the common cause. Apparently it is the expectation of the extraordinary Republican sages at Wash-

ington that they can provide their vote-bait without payment by the American taxpayers. The notion is as preposterous as the bonus giveaway. It is uncertain in a high degree what, if any, interest can be collected on this foreign debt, at least on some parts of it; but suppose it is collected and diverted to the payment of the bonus bribe? The interest on that \$10,000,000, or whatever the actual figure of the foreign debt is, can't be used, as it was expected and intended to be used, to pay the interest on that amount of our domestic war debt.

The bonus hunters get the bonus. The taxpayers pay the piper. Has the republican party, in myth or legend, so famed for a superior wisdom that seems long to have departed—is the republican party so sunk in intellectually and morally as to imagine that the taxpayers are such hopeless boobies that they can be gulled by this artless whipping of the devil around the stump?

A monument to Theodore Roosevelt will be erected on Ancon Hill overlooking the Panama Canal.

During the war nearly 15,000,000 women were drawing pay for their services in Great Britain.

MEN'S CLOTHING TO BE OF SOBER CHARACTER

(By the Associated Press)

NEW YORK, Jan. 14.—Men's clothing during the coming year will be far more sober in general effect, but will reflect somewhat the atmosphere of the ball room. The national association of retail clothiers and the international association of clothing designers in session here, have digested a great deal of data relative to men's garments, having collected information through questionnaires.

This year's styles will be based on the views of the customers this expressed.

A WISE FOOL? CAST

When George Melford's latest Paramount production, "A Wise Fool," comes to the McSwain Monday, the public will see one of the strongest casts ever assembled for a photoplay. James Kirkwood, an eminent screen actor and director, is the featured player.

As the erratic Jean Jacques Barville, the hero of Sir Gilbert Parker's original novel, of which the picture is an adaptation, Mr. Kirkwood has a most delightful and entertaining role. Ollee Hollister, a delightful actress, has the leading woman's role. Ann Forrest, who played the principal feminine role in "The Faith Healer," is seen as Zoe Barville. Alan Hale is excellent as Masson, and Fred Huntley, as Sebastian Dolores, a scoundrelly Spanish exile, provokes amusement by his rascality. Edward Sutherland has the leading juvenile role and Truly Eshattack, a once famous comic opera star, plays Virginia Pouchette. The cast is completed by Harry Duffield, Charles Ogles, John Herdman and Lillian Leighton. Sir Gilbert Parker and George Melford collaborated on the scenario and William Marshall was cameraman.

## FORTUNE IN APPLES GARNERED FROM CANADIAN ORCHARDS

NOVA SCOTIA ORCHARD

READY FOR OVERSEAS

OTTAWA, ONT.—Canada's apple yield for 1921 is 3,337,200 barrels. The Dominion Fruit Commissioner's Department shows that British Columbia increased its production to 1,009,000 barrels, as compared with 504,540 barrels the previous year. The Okanagan and Kootenai Valleys in Southern British Columbia are the great producing regions of the Pacific Coast, but this year's crop was increased by farmers in the lake region of the province who are combining fruit growing and dairying.

Nova Scotia, with a crop of 1,300,000 barrels, increased its production by 140,000 barrels over last year. The Ontario apple yield is placed at 960,000 barrels; Quebec 35,200, and New Brunswick 33,000. In Nova Scotia the harvest of Baldwins and Kings were particularly large, and in the Niagara peninsula of Ontario there was a big yield of Spies, Baldwins, McIntosh and russets. Estimates of provincial agricultural experts in British Columbia

place the value of the Okanagan region fruit crop at \$6,000,000. This includes apples, peaches, plums, cherries, pears, apricots and berries.

The total value of the apple crop in all Canada is placed at \$30,000,000. In 1920 the average value per barrel for Canada was \$3.77, as compared with \$7.31 the previous year. This year's average price is expected to be about the same, and export sales, which totaled 1,127,400 barrels, probably will be surpassed this year.

## GRAY ANNOUNCES FOR COUNTY SUPERINTENDENT

The News is authorized to announce F. E. Gray of Ada as a candidate for the office of Superintendent of Schools of Pontotoc county, subject to the action of the Democratic primary.

Mr. Gray came from Texas to Oklahoma twenty-one years ago and is thoroughly familiar with the educational affairs of this section. He is a graduate of the East Central Teachers College of Ada and attended the state university three summer terms. This is sufficient evidence of his educational qualifications. He has had eight years experience as a teacher in rural and high schools. He was superintendent of the Sasakwa school two years and of the Francis school one year.

The duties of this office are confined almost exclusively to the rural schools and a man is needed who is familiar with the problems of rural school life. Mr. Gray was reared on a farm, where he spent his first 25 years of his life, receiving his early education in the rural schools. His work since then fits him most admirably for handling the schools of Pontotoc county, should he be given the nomination and election.

If elected, it will be Mr. Gray's general purpose to bring the rural schools closer to rural life and make them of greater service to the people who support them. He asks the voters to investigate his qualifications and record.

## NOTED INVENTOR OF SPENCER GUN CALLED BY DEATH

HARTFORD, Jan. 14.—Christopher Minor Spencer, inventor of the Spencer Repeating Rifle, and of the first screw machine, one of the best known American inventors, died at the home of his son, Roger M. Spencer, here today. He was 83 years of age.

Christopher M. Spencer of New Britain, Conn., was eminent in the domain of American invention. He patented scores of important mechanical devices, including the Spencer repeating rifle and a shotgun, an automatic thread spooling machine, steam automobile, a drop forge and other types of implements and machinery. Born June 29, 1833, at South Manchester, Conn., young Spencer began the study of mechanics in 1846 under his grandfather, who had been an artilleryman and armorer in the war of 1812.

During the Civil War he taught Abraham Lincoln how to handle the new Spencer rifle, 200,000 of which were subsequently supplied to the Union Army. He dined with General Grant and Admiral Fox on the latter's flagship two days before the Union fleet ran the batteries at Vicksburg.

**First Invention in 1848.**

His first invention, built in 1848, was a stationary steam engine. Later Mr. Spencer became a locomotive machinist for the New York Central at Rochester, N. Y., and from 1845 to 1857 was a gunsmith in the Colt Armory at Hartford, Conn. It was while studying drafting under Hezekiah Conant, of Hartford, that Mr. Spencer invented an automatic thread spooling machine in 1858 which is said to have revolutionized the American thread industry. Two years later he patented a breech-loading repeating rifle using metallic cartridges.

From 1862 to 1865 he was engaged at the front in instructing Union troops in the use of the new weapon. During the period 1868 to 1876 Mr. Spencer developed various drop forging processes and also an automatic screw machine, the result of which was to obviate hand labor.

In 1880 he invented a "pump" or "trombone" action repeating rifle and shotgun and three years later traveled through Europe with his partner, Albert Bierstadt, demonstrating the weapon before the military authorities of England, France, Italy, Austria and Germany.

Mr. Spencer maintained a youthful interest in all new problems to the last. When 88 years old he took up the study of aviation and soon made more than 20 flights.

**Called Session of Presbytery.**

## WHAT PERSHING THINKS

The appropriations of the five great powers for military and naval purposes in the year 1920 alone reached a total of \$16,442,251,101, a sum only about \$2,000,000,000 more than the total for the whole fourteen years before the war.

It all comes down to this so far as you are concerned:

Every morning when you go to work, or when you stay at home sick on a working day, or even if you are out of a job, it has been arranged for you to pay your fair share out of what you earn or should earn, of over \$5,000,000 a day for the support of the army and navy. That is the estimate for the fiscal year 1922—over \$5,000,000 a day. I have General Pershing's word for it. You will have to pay it. Five million dollars every working day is a pile of money to spend for insurance against attack. And of course that is not all the cost. What is the big idea? What do you think about it? You will have to pay the bill. Do you think about it at all? General Pershing does. This is what he thinks:

"As we consider the causes of the World war and comprehend its horrors, every thinking man and woman must feel that measures should be taken to prevent another such calamity. One step in that direction would be to reduce expenditures for armament. Our own estimates for naval and military purposes contemplate an appropriation for the fiscal year 1922 of over \$5,000,000 for every working day in the year. It is a gloomy prospect that the nations plan expenditures greater than ever before in peacetimes.

"It would appear that recent experiences should be enough to convince everybody of the danger of a renewal of this competition. But one nation cannot reduce armaments unless all do. It is time that enlightened people everywhere should undertake to reach some rational agreement which would not only relieve the world of its heavy financial burden but which in itself would go far toward the prevention of war. We are not a warlike people. We do not wish to expand at the expense of any other nation, and we have no designs on anybody. If other people feel the same toward us and toward each other it seems unreasonable that they should be unwilling to consent in principle to some limitation of armaments, to be carried out when other nations succeed in establishing stable governments and are willing to recognize the wisdom of such a course. Otherwise, may we not seriously ask ourselves whether civilization is a failure, and whether we are to regard war as an unavoidable scourge that mankind must suffer?

"There are other considerations which should prompt us to make every effort to bring about a curtailment of these expenditures throughout the world, particularly in the war-worn countries of Europe. The people of Europe have always been our best customers and are largely dependent upon us for certain necessities. We must look to them to buy the products of our farms, mines and factories. The prosperity of our people depends in no small measure upon the uninterrupted flow of commodities abroad. We have stocks of cotton, wheat and other products greatly in excess of our own requirements, which the people of Europe sorely need but which we cannot sell and they cannot buy because their fiscal systems have broken down, their currencies have depreciated, and their purchasing power is exhausted.

"The first step to take in the rehabilitation of the finances of all these countries is to reduce the cost of government so that expenses will not exceed the incomes. Expenditures must be lowered everywhere if financial stability is to be restored and if the nations are ever to pay their debts. Until stability is restored none can have prosperity that comes from a free and uninterrupted flow of products from one country to another. But this cannot be done if huge sums continue to be appropriated for the maintenance of large armies and large navies.

"The safety of humanity in the future, indeed the peace, the happiness and the prosperity of the race—all appeal alike for an early consideration of the question of limited armaments."

Broadly speaking, it is the man who profits, and not the simple average man who endures, who is behind all this movement for ever increasing armament. If you doubt this, just go out in your own neighborhood and ask men who were actually in the war, who saw service in the line, whether they want any more of it.

**Scientific Query.**

When we read about monkey stars getting salaries of \$1,000 a week in the movies we wonder whether evolution is what it has been cracked up to be.

# HIGH SCHOOLS TO MEET APRIL 14-15

Ada To Send Orators And Field Men To Contest Conference Teams.

April 14 and 15 are the dates set for the Southern Oklahoma interscholastic conference invitation track and field meet to be held at Chickasha, according to an announcement that has just been received here.

Ada high school will send representatives to compete against those of seven other members of the conference. Besides Ada, members of the league are Ardmore, Pauls Valley, Chickasha, Duncan, Norman, Lawton and Altus high schools. All will be represented in both athletic and intellectual contests, according to an early announcement.

Oratorical, reading and voice contests will be held Friday evening, April 14. Each school is expected to have one representative in each of these contests—a boy orator, a girl reader and a boy or girl vocal soloist. Gold medals will be given winners of first places, silver medals for winners of second places and bronze medals for winners of third places.

**Track Events Saturday.**

Track events are booked for Saturday afternoon, April 15, at Grady field. Fourteen events consisting of the 100-yard dash, 120-yard low hurdles, one-half mile run, one mile run, 220-yard dash, 220-yard hurdles, 440-yard dash, mile relay, pole vault, shot put, high jump, broad jump, discus throw and javelin throw, have been approved for the meet.

A silver loving cup will be presented to the school winning the track meet. The all-round athlete will receive a gold medal. Gold, silver and bronze medals will be given winners of first, second and third places, respectively, in the 14 track events. A special cup will be presented to winners of the mile relay.

The track meet will be in charge of special track officials to be selected by the conference.

Each school probably will be represented with a track team of ten men.

Complete details of the meet and its arrangements will be mailed to the principals of the various schools some time in the near future.

**College Faculty Participates in Chamber of Commerce Reorganization.**

It has been noted in these columns in a former issue that all heads of families who are employed as members of the College faculty are home owners. As such they are vitally interested in all matters which means the upbuilding of the community in which the Teachers College is located.

During the Chamber of Commerce Reorganization movement this interest was shown in many ways: President Linscheid was appointed a member of the executive committee and delivered the address presenting the viewpoint of Ada at the civic dinner, he was also called upon to address the luncheon of the various committees having the movement in charge; but the best evidence of interest which the faculty takes in the reorganization movement is the fact that faculty members subscribed for eight memberships in the new Chamber of Commerce. There is not another enterprise in the city which excelled this number.

**HURT ALL OVER**

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says "Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Messer, of Route 3, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible. I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble. I was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good. I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it. I had only taken a few doses when I felt it would do me good. This gave me hope and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui."

Cardui is for simple female complaints and women's pains and has been found to benefit thousands of such cases when not due to malformation or that do not require surgical treatment. Try it. NO-194a

## JIMMIE AUSTIN, STAR AT FORTY, SETS EXAMPLE FOR MODERN YOUTH

Jimmy Austin, picking one out of the dirt at third.

ST. LOUIS, Jan. 14.—(Special)—Alleys' corner lots, public playgrounds and semi-pro parks are filled from early spring to late fall with aspiring youngsters whose one ambition is to become a major league star. The dad may swing toward the presidential chair for sonny, but the tot dreams of a home run in the ninth inning in a world series game.

Year after year they reach the major league circuit and they have played in alleys, corner lots, public playgrounds and in semi-pro parks. Of the present crop, Roger Hornsby, George Sisler, Edward Collins, Tris Speaker, Eddie Roush, Walter Hoyt, Carl Mays, Walter Frisch, Dave Bancroft, Wilbur Cooper, Max Carey, Walter Baranville, Ray Powell and many others did not know they would be big leaguers when they were bounding a ball of yarn off the barn roof.

James P. Austin of Lakewood, O., comes forth to offer a bit of advice to the youngsters, to the kiddie who today in knickerbockers sees himself in the big circuit.

**Sets Good Example.**

One who is in his fortieth year and still in the major league after eleven campaigns should be an excellent lesson for the youngster of today. Austin is gray, just slightly bent, legs a bit weary, but the spirit is youthful. Austin was born in 1882, entered the American League in 1909 and is still traveling on.

Austin's success is worth a page in baseball history. He has never shirked in his work; he graduated to a manager, was deposed and still he gives the best he has day after day. He accepted the management of the St. Louis Browns in June, 1918, succeeding Fielder Jones, and sat in the chair just two weeks. The desire of Magnate Ball to have a bench manager and not a playing manager caused him to lift the managerial worries from Austin's should.

## 5 Swimming Meets Within Ten Weeks Planned by Y.M.C.A.

CLEVELAND, O., Jan. 14.—Five dual swimming meets within a period of ten weeks, including matches with some of the best teams in the middle west, is the program mapped out for the Cleveland Y. M. C. A. swimming squad for the indoor season. The Central Y. M. C. A. will be represented by a strong team of swimmers.

The Pittsburgh University team will appear here Jan. 28. On February 11 the Pittsburgh Aquatic club will meet the local Y. M. C. A. team and on February 25, the University of Michigan swimmers will be here. The Erie Y. M. C. A. team comes here on March 18.

The annual A. A. U. championship swimming matches will be held here April 15 with five events on the program.

**Weleetka Forfeits To Francis At End Of Opening Round**

Special to the News.

FRANCIS, Jan. 14.—Francis high school's second boys basketball team won by forfeit 14-12 over the first team of Weleetka high school here last night when, at the end of the first half, three of Weleetka's men were taken from the floor because of personal fouls. Tinkle, of Ada, was referee.

Weleetka girls won over Francis girls by a small margin.

Tonight, Francis boys will go in to a game with Holdenville here somewhat crippled. Four of the regulars are out. They are Willingham, Rose, Patterson and Sampson. All are on the sick list. Francis' lineup probably will be Miller and Paine, forwards; Norman, center; and Anderson and Lance, guards.

- Nov. 24.—Shawnee there.
- Nov. 30.—Open date.

In the Herietta, Chickasha, Shawnee and Ardmore games the local school has a two year contract. The teams playing here this year will play Ada on their home fields in the year following, and the teams Ada plays away from home this year will come here the year following. There will probably be several games played with smaller schools for the purpose of giving the local men practice and a chance to get toughened up at next year's training period.

## Revised Schedule For Caging Games Made Public Today

The basketball schedule for Ada high school has now been officially completed, according to announcement today from Prof. A. L. Fentem, manager of the squad. The schedule was revised twice due to conflicts and at the request of other schools, which were also forced to make over their schedules.

- The lineup as it was reported to day is:
- Jan. 20.—Pauls Valley there.
  - Jan. 27.—Tishomingo A. and M. there.
  - Feb. 3.—Sulphur there.
  - Feb. 17.—Open date.
  - Feb. 24.—Ardmore here.
  - March 3.—Basketball tournament.
  - March 10.—Norman here.
- The girls team has been scheduled for the following games:
- Jan. 20.—Tucumseh here.
  - Jan. 27.—Chickasha there.
  - Feb. 3.—Sulphur here.
  - Feb. 17.—Weleetka there.
  - Feb. 24.—Ardmore there.
  - March 3.—Basketball tournament.

## OLD BILL'S STILL SHOWS 'EM HOW

Bill McKennie, the former Giant and Pittsburgh infielder who played third base for the Minneapolis A. A. team in 1921, is making good as a minor leaguer. Bill batted .321 and scored 140 runs last year. He made 212 hits and played a good fielding game.

## Cardinals To Open Pennant Race With Third Place Squad

ST. LOUIS, Mo., Jan. 14.—Manager Branch Rickey of the Cardinals plans to start the 1922 championship race with virtually the same team that finished in third place last year.

Rickey declared today that he had made numerous attempt to strengthen his pitching and catching staffs by trades but that all deals of any consequence fell through. He said he does not expect to transact any deals which would have any important effect on his club's chances for the pennant.

The Cardinal plot asserted that all his efforts from now until the opening of the season, would be devoted to building up his team from players on the roster.

No trouble is anticipated by Rickey in signing members of the club to contracts for the 1922 season. Several outfielders already have affixed their signatures to new contracts.

Every man possesses something that some other man envies.

## MIDGET SMITH MUST BE CONSIDERED IN BANTAM RACE; SISTER AIDING HIM

Midget Smith now stands out as one of the leading contenders for the much shifted bantam-weight crown. And he has climbed to the contender platform in a short career of only twenty-five fights. He is twenty-two years old and fought in the regular army during the World war.

Midget Smith in action, and Vera Smith, his sister-second.

## OFFICIALS OF A. A. U. TO RULE ALL CLASSES OF SPORTS, NAMED TODAY BY ASSOCIATION LEADER

(By the Associated Press)

DETROIT, Jan. 14.—Charles D. Lynch of Detroit, president of the Central A. A. U., today announced appointment of A. A. U. commissioners and committees for the coming year. The commissioners will have charge of the organization's sports in their territory, and will according to the new Central A. A. U. constitution, have the right to issue registration cards and sanctions, handicap events, suspend athletes and appoint assistants.

A campaign to develop dormant territory in the central district and to spread information regarding rules and regulations governing A. A. U. sports will be started at once, President Lynch said.

The commissioners are as follows:

- Basketball—William E. Broughman, Detroit, chairman; George H. Heckler, Chicago; H. Garnachen, Milwaukee; R. J. Horton, Detroit; John B. Travnick, Chicago; Jacob Mazer, Detroit.
- Hand Ball—Dr. C. B. Lundy, Detroit, chairman; A. J. Schinner, Milwaukee; Vic Tomilson, Detroit; H. O. Hoppe, St. Paul.
- Boxing—Walter H. Liginger, Milwaukee Athletic Club, chairman; William Coffey, Milwaukee; H. H. Barcus and Charles T. Earl, Detroit.
- Long Distance Running—Charles T. Earl, Detroit, chairman; Thomas Eck and Al Parker, Chicago.
- Wrestling—Harry Berz, Chicago, chairman; Thomas Larkin, Milwaukee; Hans Hansen and Oscar Munson, Chicago.
- Handicaps—Frank A. Jiarth, Chicago, handicapper; John C. Spaulding, Detroit, assistant.
- Records—Clayton Everett, Chicago, chairman; Peter Lisberg, Detroit, Fred R. Sargent, Chicago.
- Legislation and Rules—Fred L. Steers, Chicago, chairman; Clifford R. Rollings, Detroit; William Bachman, Harry Hazelhurst and S. H. Darwent, Chicago; Leo Hogan, Great Lakes, Ill.; Mathew Mann, Detroit.

## ADA HIGH BEATEN BY SMALL SCORE AT TISHOMINGO

TISHOMINGO, Okla., Jan. 14.—(Special)—The local high school nosed out Ada high school's basketball quintet here last night in the hardest fought game of the season on the local court, the final score being 30 to 27. At the end of the first half the visitors were leading by 14 to 13 but lost their small lead in the beginning of the last half and could not regain it. Several times they were within two points of being in the lead again, but Ada forwards were unable to break away from the local guards.

Team work of the visitors was the best that has been shown on a home court this season. Ada men handled the ball accurately until time for good shooting, but the forwards then fell prey to the attack of Tishomingo guards. Potts, Wilsey and Rayburn formed the offensive for the visitors, and Molloy and Cunnning at guards made up a defense which forced the local forwards to put their best into the game.

Much of the game was rough and the score was held to a few points difference during the entire game. It was full of thrills and both teams were weary when the closing whistle blew. On January 21 the Ada high school team will again be in the city to play the Tishomingo A. & M. College team.

## GOOD JUDGMENT—THIS

The other evening a man was thinking about his insurance policies and other important papers and he decided it was indeed foolish to keep them at home.

This man knew it would cause him a great deal of trouble if these things should be lost or destroyed so he came to the bank the next morning to rent a Safety Deposit Box.

This man was surprised to find just what he wanted at very small cost—so small that he hardly noticed the price at all.

When it costs so little to play safe why take chances? A few cents a month pays the bill.

Think it over.

## DETROIT TO TRY FOR OLD RECORD

Loss of Star Halfback Not To Dampen Ambition of College Eleven.

(By the Associated Press)

DETROIT, Jan. 14.—Although hampered by the loss of Harold Lauer, who ranked as one of the best fullbacks last year, the University of Detroit football team is expected by its supporters to at least duplicate record of 1921. The team last year won all of its games except the final one of the season, when it bowed to Washington and Jefferson by a 14 to 2 score.

With Lauer will go seven other players who distinguished themselves during the 1921 campaign. In most instances, however, the places of the retiring men can be filled with comparatively little trouble.

Next to Lauer, Detroit will miss Tom Kenney, the center, most Jerry, brother of Tom, will be relied upon to uphold family tradition at the pivot position.

Among the other stars lost to the 1922 squad are Fitzgerald, halfback, Kane, end, and Brennan, quarterback. They played in every game during the 1921 season.

**Has Many Veterans.**

Coach Jimmy Duffy has a large number of tried men for the backfield this year. Captain Arthur "Patsy" McKenna, Loomis, Welch, O'Neil and Simpson, the latter an adept forward passer, are the outstanding figures. Morrison, Barrett, Coyne and Curtin, are available as flankers.

Ellis and Sonnenberg, the Detroit tackles who largely were responsible for the 1921 success, will be back next fall. McNamera, Maher, Gillis and Des Roches are seasoned guards.

Detroit will go under the freshman rule this year. The rule will be identical with that enforced at Western Conference universities except that there will be no training table. It is hoped by supporters of the school that a more pretentious schedule may be arranged in future years through adoption of this rule. The hope of Detroit supporters is for an annual game with Notre Dame.

The first unit of the university's new athletic field located on property recently purchased by the school will be ready for the first game of the 1922 schedule. The unit will have a seating capacity of 30,000. When completed the stadium will seat 70,000 persons, making it one of the largest in the country.

The athletic plant will consist of sixteen and one-half acres and will be open to the city.

**INTEREST IN EDUCATION**

Never has the interest in the welfare of the public schools been greater than at the present time. People are ready to attend community meetings of an educational nature, and all meetings are well attended and pervaded with an enthusiasm of the public schools. During the two weeks before Christmas President Linscheid addressed meetings of this character at Allen, Francis, Coalgate, and Wewoka, the last two being county teachers' meetings. At all of these gatherings there was an excellent attendance. It is exceedingly gratifying to note this excellent interest in the welfare of the children. There is every reason to believe that the people of Oklahoma are on the eve of a great educational revival. When all realize that money used for the benefit of education is not an expenditure but an investment, they will see to it that their children have an equal educational opportunity with all other children.

Lute Douge, also had birds entered at the Holdenville poultry show in the buff Orpington class, winning first and second cock, first and second cockerel, second hen and first and third pullet. He also took the sweepstakes for the best pullet in the show. No pens were entered. All the classes in which he took prizes were full, he said today. This is the second announcement from the Holdenville show of Ada birds taking prizes.

## JOSH MAY FIGURE IN WINTER DEAL

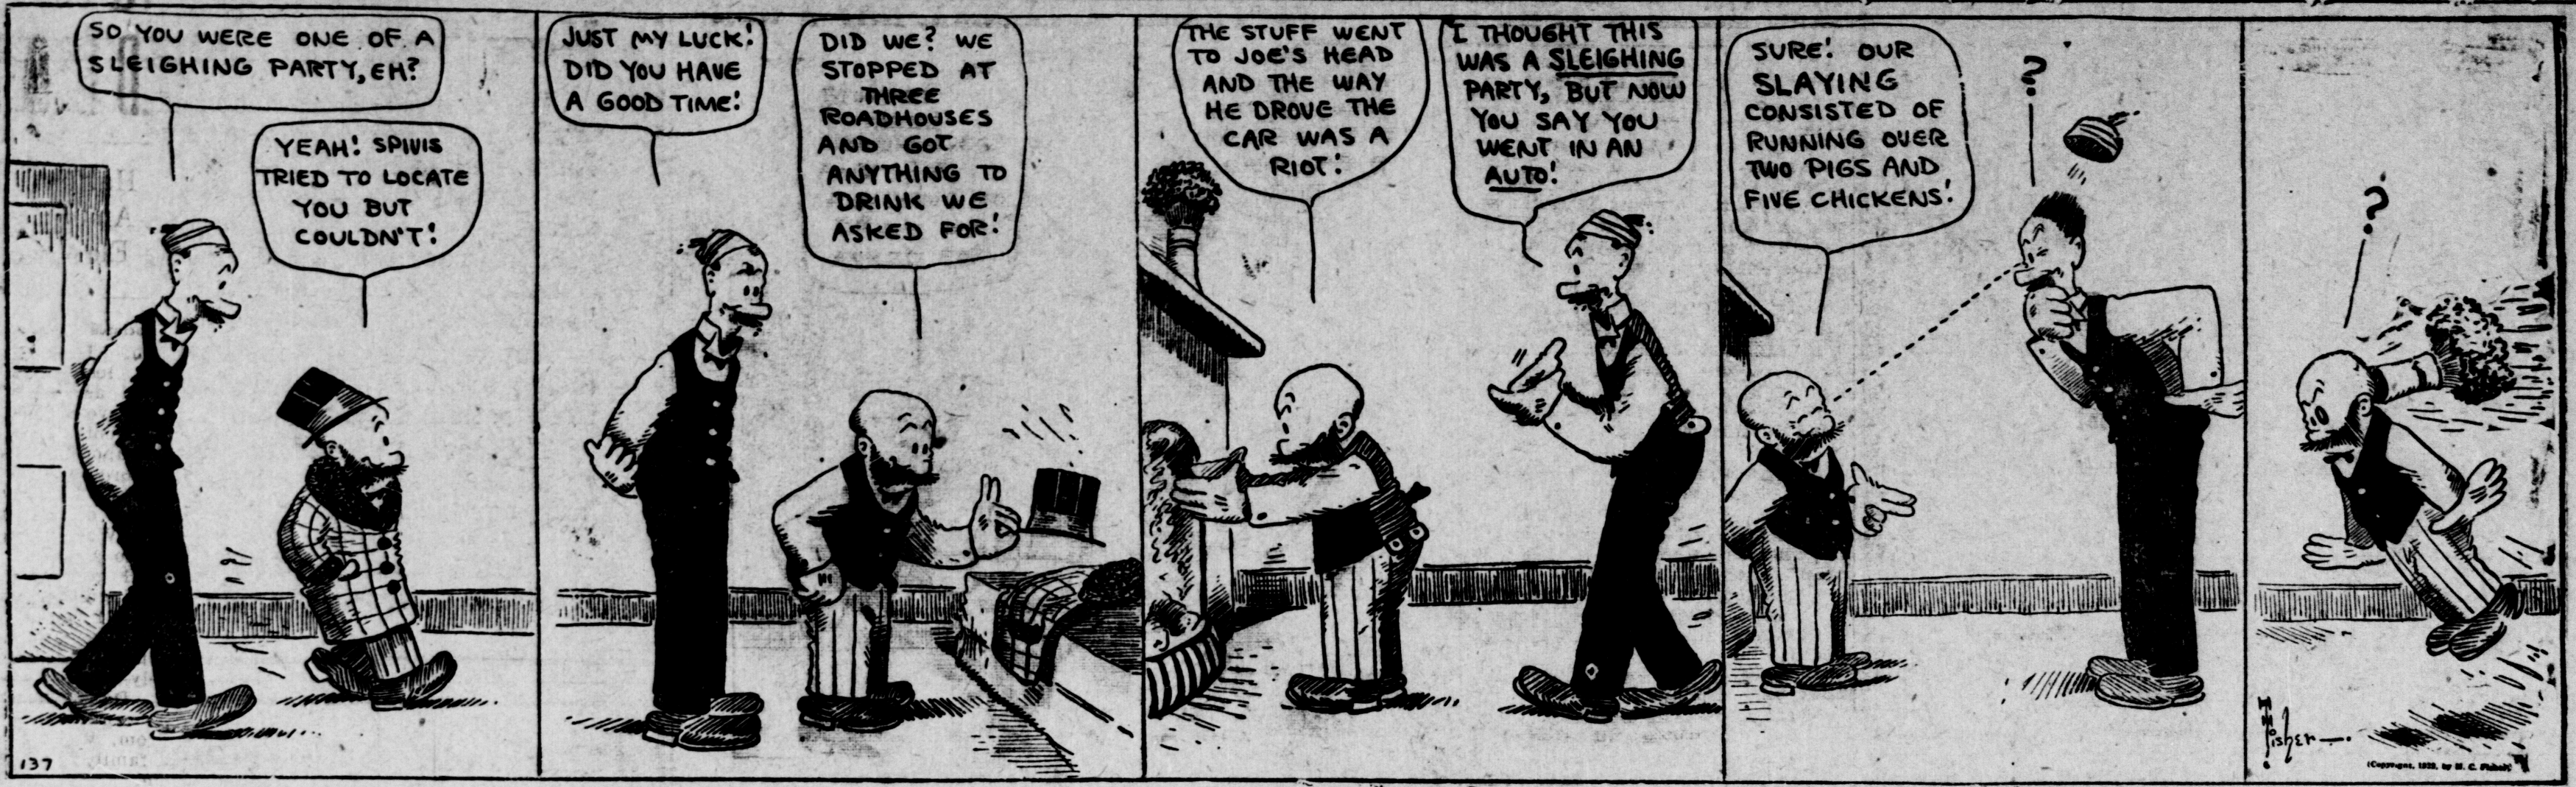

Josh Billings.

Catcher Josh Billings of the Browns may go to the Boston Red Sox in one of the anticipated winter trades in the big league. Josh is an A1 catcher but was the most of last year due to Hank Severied's great work. The Red Sox need a good catcher and the Browns a pitcher.

BURCH FATE IN BALANCE ON MURDER CHARGE

(By the Associated Press)

LOS ANGELES, Jan. 14.—The fate of Arthur C. Burch, on trial for the past eight weeks for the alleged murder of J. Belton Kennedy, was still in suspense today when the jury, locked up for the night after more than 48 hours deliberation, prepared for another attempt to reach a verdict.

## Apperson Calls Help To Extinguish Blaze Devastating Blocks

(By the Associated Press)

PONCA CITY, Jan. 14.—Calls for fire fighting equipment were sent out from Apperson, an oil town in the west Osage early today, according to a telephone message from Kaw City. The fire started after mid-night and had destroyed a block of business houses by eight o'clock this morning, when it was thought the blaze was under control. A picture show and a hardware store were among the buildings destroyed. No estimate of the damage is obtainable.

**Nazarene Church.**  
Good crowds have been in attendance at a revival meeting being conducted at the Nazarene church. Evangelist W. E. Ellis is preaching and good results have been recorded. There have been about 50 professions of faith.

This evening, Dr. Ellis will preach from Genesis 7:1. "Come thou and all of thy house unto the ark." Sunday morning at 11 o'clock he will preach on the second coming of Christ. At the evening hour he will preach from Numbers 32:23 "Be sure your sins will find you out."

Our Sunday school opens promptly at 9:45. Last Sunday we had about 200 in attendance. The Nazarene Young Peoples League which was organized last Sunday will meet at 5:45. An interesting program has been arranged for the evening. All young people are cordially invited to this meeting.

**First Baptist.**  
Sunday School of the First Baptist church will meet tomorrow at 9:45. Mr. J. A. Ridling is superintendent. We had 532 present last Sunday and are expecting 600 tomorrow.

The Men's Bible class had 56 present last Sunday. This is not yet up to what we formerly had but is getting back to normalcy. Let's have at least 100 present tomorrow. Dr. Laird is president of this class and Mr. Ellison is teacher. All men who are not attending Sunday School elsewhere are urged to come. They meet at 9:30 sharp.

The pastor will preach at the 11 o'clock hour on the subject "Qualifications for Membership in a New Testament Church." The choir will be under the direction of Prof. Fentemans and will sing an anthem at that hour.

The Junior B. Y. P. U. will meet at 6:15 with Mr. and Mrs. O. F. Davidson in charge.

The Intermediate B. Y. P. U. will meet at 6:15 with Mr. and Mrs. Tom Fullerton in charge.

The Blue and Gold B. Y. P. U. will meet at 6:15 with Paul Rayburn presiding.

The Senior B. Y. P. U. will meet at 6:15 with Mr. Bernard Howard presiding.

The pastor will preach an evangelistic sermon at the evening hour. We stress the all important matter of unsaved people accepting Christ the Savior at all our services. It does not matter what else you may accomplish in our services if people are not saved we feel that we have failed at the most vital point. It does not matter what else you may accomplish in life, if you fail to have Him in your life, you have failed at the most vital point.

We will welcome you at any and all our services.  
Cyde Calhoun Morris, Pastor

**BASKETBALL TOURNAMENT.**  
The Annual Basketball Tournament of the East Central State Teachers college will be held on March 2-3, 1922. The tournament will be open for boys' and girls' teams. All high schools of the district are earnestly requested to send at least one representative team, if at all possible.

The tournament will be in no way conflict with the district tournament and the Oklahoma High School Athletic association. That tournament will be held at some later date. Any and all teams expecting to attend that tournament can do no better than to attend the East Central District Basketball Tournament as valuable experience will be gained in tournament play.

The girls' tournament will be the ninth annual girls' tournament. The Coffman, Bobbitt & Sparks cup for girls has been held by the Wewoka team one year. To secure permanent possession of it a team must win it three times. The Ada News cup for boys was won by the Francis team last year. Tecumseh and Wewoka have each held this cup one year. To come into permanent possession a team must win this cup twice.

The following schools entered teams last year, and all report a good tournament: Centerville, Maud, Milburn, Mannville, Macomb, Konawa, Wewoka, Stratford, Sasakwa, Stone, wall, Center, Francis, and Blanchard.

Competent officials will be furnished for all matches and drawing will be done for places in the presence of the various coaches of the teams.

The East Central gymnasium in which the games will be held contains one of the best basketball courts in Oklahoma. Lockers and showers for both men and women will be at the disposal of visitors. All gate receipts collected during the tournament will be prorated among the visiting teams according to their mileage traveled.

For further information concerning this tournament, address M. Z. Thompson, Athletic Director, East Central State Teachers college.

**VIVIANI REFUSES OFFER AS HEAD OF MINISTRY**  
(By the Associated Press)

PARIS, Jan. 14.—M. Poincare, in his task of forming a cabinet to succeed the Briand ministry, asked former Premier Rene Viviani to accept the post of minister of justice, with the vice-presidency of the cabinet, but M. Viviani refused the portfolio, it was officially announced this afternoon.

### DON'T SEEK COVER—THIS SAILOR LAD IS "FIRING" A CAMERA, NOT A GUN

Chief photographer Evan Francis, U. S. N., operating the long range movie camera.

A long range motion picture camera is now being used by the U. S. navy to photograph the landing of shells on or near targets during maneuvers. The camera proved of great value to navy authorities during the bombing of the German war vessels in Chesapeake Bay. It obtained clear pictures of the bombing that could not have been taken by the ordinary movie camera without endangering the life of the operator. Its range is from 200 to 500 yards. The operator sights through a telescope beside the cannon-shaped camera.

Well, the weevil found in the roots of cockleburrs turned out to be some sort of a boll weevil. However, all who have any experience with the pest are a unit on the necessity of cleaning up the trash about the place and, early plowing. Clarence Roberts, field man for the Farmer-Stockman, writes he recently found a man in McClain county who made 25 bales of cotton from 40 acres. A neighbor whose farm was just as good, made only one small bale on 30 acres. He ascribed the difference to the fact that the successful man broke his ground early and planted his cotton early, thus getting a good crop of bolls before the weevil was numerous enough to do much damage. Uncle Nat Hisaw, who usually brings the first bale of the season to Ada, reported the same experience last year, his early cotton being all he had that turned out much. Roberts also cites other instances to prove his point, one being that of Dug Sharp in Okfuskee county who made 200 bales from 500 acres when his neighbors who broke their ground later and planted late in the spring made much less. Hardy Dial, who delivered a lecture here some weeks ago on the weevil, thinks that early planting simply supplies feed for the first weevils that come out, where as they would starve if they failed to find some food, cotton being the only thing they have learned to feed on. However, in Texas I always heard that early planting and early maturing cotton was what was necessary to beat the weevil.

**Barley Is Good Dairy Feed.**  
Barley is about as good a feed for dairy cows as cornmeal, according to A. C. Baer, professor of dairying at the Oklahoma A. and M. college, Stillwater. The grain should be ground, however, as milk cows cannot utilize barley very well unless it is ground.

When alfalfa hay is available a grain mixture of three parts ground barley and one part cottonseed meal, fed according to the amount of milk produced, makes a balanced feed for dairy cows.

The average dairy cow should receive 15 pounds of alfalfa and some other roughage, along with 20 or 30 pounds of silage if available.

A grain mixture should be adjusted to the amount of milk produced daily. Feed one-fourth as much gain per day as the cows give milk per day.

**Balanced Cow Ration.**  
A letter was received at the A. and M. College dairy department from a farmer who has six Jersey cows. He stated that he fed the

following ration:

15 pounds of alfalfa  
20 pounds of silage  
20 pounds of grain mixture

The appointment of Lon Braly, as county chairman for the Woodrow Wilson Foundation, was announced this morning by Mrs. Tom Hope, member of the executive committee of the state. Braly is well known in Democratic affairs of the city and county.

It is the intention of Mr. Braly and those who will be associated with him in the work to start at once their efforts to raise \$750, the county's quota of the fund. His assistants have not yet been named.

A national fund of \$1,000,000 or more to endow the Woodrow Wilson awards of distinguished public service will be the aim of this movement. The national campaign opens January 16. This probably will be the opening date for work in the county although no definite announcement to this effect has been made. A certificate bearing the picture of the former president will be issued to each subscriber to the fund who gives \$1 or more. Only a short time will be needed to raise the county quota, it is expected.

The national campaign is being directed by Cleveland H. Dodge, chairman of the executive committee; Franklin D. Roosevelt, former assistant secretary of the navy, and Hamilton Holt, executive director. National headquarters are in New York City.

## New Service Department

We have placed our shop and all mechanical work in our garage in the hands of Mr. Roy Rains and Mr. Earl Parker. These boys are well known to almost everyone in Ada and vicinity. We made this arrangement with these gentlemen for the reason that we have become convinced that they have but few equals and no superiors as automobile mechanics.

Any work given to them will be done under their guarantee and at a cost that will be entirely satisfactory.

They are prepared to give prompt service on all make of cars and they respectfully solicit your business.

### STATE MEETING EDUCATION ASSOCIATION

The state meeting of the Education association will be held February 9, 10, and 11, 1922, at Oklahoma City. The principal speakers are President W. A. Brandenburg, Manual Training Normal School, Pittsburg, Kansas; Professor D. R. Gebhart, Director of Music, Peabody College of Teachers, Nashville, Tennessee; Dean Wm. S. Gray, School of Education, University of Chicago; Dr. C. A. Prosser, Director, William Dunwoody Institute, Minneapolis, Minnesota, and C. H. Brough, former governor of Arkansas.

On Thursday evening, February 9, the "Messiah" will be rendered by the famous musical organization from Bethany College, Lindsburg.

Secretary M. A. Nash, Oklahoma Education Association

Kansas. This great body of singers has been brought to Oklahoma City by the committee on entertainment of visiting teachers at an expense of \$15,000 and all members of the Oklahoma Education association will be admitted free on Thursday evening. This will be the first time in the history of Bethany College that its chorus has ever left the little city of Lindsburg to sing the great masterpiece relating to the life of Christ. The teachers of the state are greatly indebted to the officers of the association and especially to Secretary M. A. Nash for the great program of entertainment and inspiration that is guaranteed for February 9, 10 and 11 at Oklahoma City.

## HENRY KROTH FOR COM. PUBLIC WORKS

The News is authorized to announce Henry Kroth as a candidate for office of Commissioner of Public Works, subject to the action of the city primary.

Mr. Kroth needs no introduction to the citizens who have lived here any length of time. He has lived in and around Ada for 28 years, coming here as a boy and by hard work and sobriety built up an enviable reputation. For several years he was employed at the Frisco station and after that went to a farm. During the past year he was in the employ of the Good Roads Motor Club and did some effective work on the roads of the county.

Mr. Kroth is well fitted to handle every detail of office which he now seeks. He held the office of County Commissioner for four years, all of which time he was chairman of the board. In this capacity he had a part in handling the knotty financial problems of the county and also in the matter of road and bridge work. With this experience he feels that he can handle the affairs of the city to the advantage of all concerned and will put forth every effort to see that the tax payers are given value received for every dollar spent.
